TEDx SISTec Bhopal

SISTec hosted a thought-provoking TEDx event, bringing together visionaries and thought leaders to discuss on "Rethinking Education - Quality by Design". Our esteemed speakers - Mr. Saakshar Duggal, Dr. Nishtha Tyagi, Dr. Nishant Chandra, and Mr. Avi Sharma shared inspiring ideas on transforming the education system.

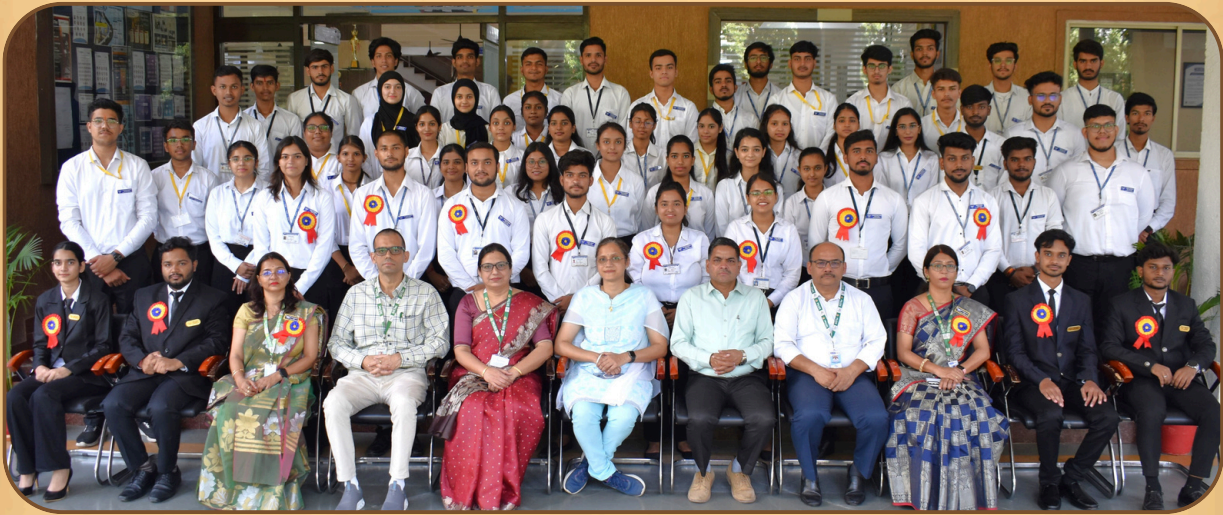

MoU with IVEYS Innovations Pvt. Ltd.

SISTec signed a Memorandum of Understanding (MoU) with IVEYS Innovations Pvt. Ltd. Bhopal Madhya Pradesh to encourage and promote the development of skills, Research & entrepreneurship in India.

Student Activity Council Investiture Ceremony 2024-25

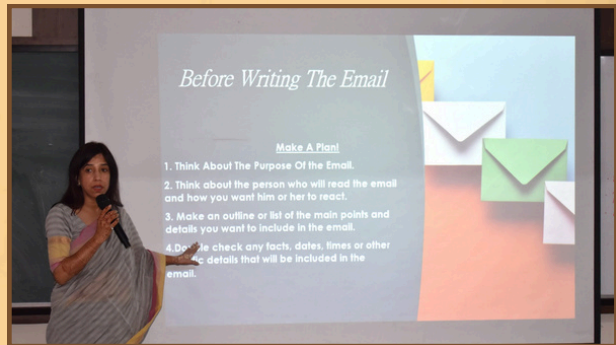

SISTec proudly hosted the investiture ceremony for the newly appointed Student Activity Council - SAC. Our future leaders, accompanied by their faculty mentors, marched confidently into the creations, symbolizing their commitment to excellence. As they donned their badges of honor, the promise of a brighter future illuminated the hall.

Expert Sessions

• English Refresher Program

SISTec Business School recently hosted a Customized English Refresher Program. The program was specifically designed for Management students looking to improve their language skills and increase their confidence in written and spoken English.

• Workshop on "IoT Essentials: Connecting the Dots in Digital World"

Department of Computer Science & Engineering organized a comprehensive workshop on "IoT Essentials: Connecting the Dots in Digital World." The event was designed to equip participants with an in-depth understanding of the Internet of Things (IoT) and its transformative impact on various industries.

Expert Sessions

- **AI Builders Lab Bootcamp**

Department of Computer Science & Engineering recently hosted the AI Builders Lab Bootcamp, powered by Google for Developers and Hack2Skill! During the session, students and faculty gained hands-on experience in building generative AI solutions and learning from industry experts.

- **Sessions on IPR and Techniques to Publish Research Paper in High Impact Factor Journals"**

Department of Mechanical Engineering recently organized two informative sessions on "Intellectual Property Rights (IPR)" for the fifth and seventh-semester students and "Techniques to Publish Research Paper in High Impact Factor Journals" for the faculty members

Expert Sessions

- **Digital Marketing Workshop**

SISTec Business School organized an insightful 10-day Digital Marketing Workshop, featuring Mr. Vishal Thakur, a seasoned digital marketing expert.

- **Seminar on "Importance of Early Start in Civil Services Preparation".**

SISTec, Department of Computer Science & Engineering in collaboration with KSG Khan Study Group" organized a seminar on "Importance of Early Start in Civil Services Preparation".

Training

- **Training on "Total Station"**

SISTec Department of Civil Engineering recently organized a 5-day "Total Station" training program under RGPV's Advanced Survey Curriculum. Director, Shahi Survey Academy & SISTec Alumni, Mr. Faisal Shahi, led the hands-on training, bridging the gap between academics and industry practices.

Industrial Visit to General Post Office

On the occasion of the 150th anniversary of World Postal Day, BBA students from SISTec Business School visited the General Post Office for an insightful learning experience. They explored the history of India's postal services and how they continue to connect remote regions where the internet can't reach.

Industrial Visit to Amul, Bhopal

MBA students of SISTec Business School had the incredible opportunity to visit the Amul Plant in Bhopal. Students were given a tour of the production facilities, where they learned about milk processing, quality control, and packaging techniques used by Amul.

Industrial Visit to EPCO Office in Bhopal

The students of Civil Engineering department at SISTec recently embarked on an enlightening educational visit to the EPCO Office in Bhopal. The objective was to gain hands-on knowledge about environmental planning, conservation, and sustainable development. During the visit, Sr. Scientific Officer) Dr. Lokendra Thakkar gave an overview of EPCO and explained the importance of environment and energy.

Industrial Visit to SMPL

An Industrial visit was organized for Mechanical Engineering students to SMPL. The visit was very informative and Students had a high learning experience of how cotton gets converted into the best quality yarn which is used in weaving and knitting. The types of machinery consisted of a continuous loop of belt drives, gears, and conveyors which provided practical exposure to our students.

presents

SISTec Bulletin 2024: Edition – X

We are really proud and exuberant to acclaim the results and achievements received by us during this month. SISTec Bulletin is to be viewed as a launch pad for the creative, academic, and placement happenings of the students and the college.

The remarkable achievements of the students are indubitably sufficient to hold the interest and admiration of the readers.

This souvenir is indeed a meticulous attempt to make our budding talents give shape to their creativity and learning. This Bulletin is presented before you by the combined efforts of the Editorial Board, Digital Team & Designing Team.
