## Alumni Meet - Confluentia 2022

Sagar Group of Institutions-SISTec organized Alumni Meet- 'Confluentia 2k22' which was no less an opportunity to return to the native- the old people, the old friends, and the good old times. The event witnessed the reunion of engineering, pharmacy, and management alumni from all across India. Many working in reputed companies and some who had established themselves as entrepreneurs shared their experiences on association with SISTec and expressed gratitude towards the teaching staff and management for their continuous support and commitment during their years at college.

Impressive selfie points placed at every nook and corner were a major attraction. Alumni couldn't help but click countless photographs under the hashtag 'I am a proud alumni of SISTec'. The current students of SISTec engaged the gathering with their electrifying dance and song performances. After enjoying the appetizing lunch, playing musical chairs at Creations caught everyone in great nostalgia.

'SISTec Alumni Association' was reformed with deputation of President, Secretary, Treasurer and departmental Alumni Co-ordinators, who came to a common consensus on the date of Alumni Meet for 2023.

## MSME Idea Hackathon 2.0

Sagar Group of Institutions-SISTec Gandhi Nagar, Bhopal successfully concluded an almost 75 days long event titled MSME – Hackathon 2.0.

The event went on with the idea submission by teams from different colleges, wherein a total of 62 teams submitted their ideas on sectors/themes like Agriculture, Health, Power/IT and Service. The internal evaluation team selected 13 teams out of the 62 teams, who presented their ideas in the final round held at SISTec, Gandhi Nagar. The final round of Idea Hackathon 2.0 was judged by some eminent personalities like Mr. Manoj Narayan Girame (Assistant Director, MSME), Mr. Ankit Sehgal (Sales Manager, Emerging Enterprise Group, HDFC Bank Ltd. Lalghati, Bhopal), and Mr. Bhujhang Shet (Manager R&D, M/s Permali Wallace Private Limited, Bhopal).

During the event more than 60 budding entrepreneurs presented their business proposals, which were critically evaluated by veteran experts for a possible funding of ₹15 lakhs. The Hackathon was organized under the aegis of Ministry of Micro, Small and Medium Enterprises (MSME) at SISTec-GN which is one of the few 'Host Institutes' for implementation of incubation components under the MSME Innovation Scheme.

## Excursion 2K22

Travel expands your horizons and college life cannot be complete without the fun of educational tours and excursions....

With this thought, Sagar Group of Institutions-SISTec and SISTec MBA organized an Excursion for the first-year students to Bhimbetka rock shelters and Islam Nagar Fort. The students had a wonderful and exciting time on the trip. The excursion was both enjoyable and instructive for the students, who learned about the archaeological site in central India that has artifacts from the Paleolithic and Mesolithic eras as well as the modern day.

## GDSC Investiture Ceremony

Sagar Group of Institutions-SISTec is always at the cutting edge of introducing the representatives to construct, learn and cultivate good things together through Google Developers Student Club (GDSC). In this regard, SISTec conducted the Investiture Ceremony for the newly elected GDSC members in the morning assembly.

The ceremony began with the release of the empowered Vision & Mission of GDSC for the upcoming days followed by badge distribution, starting with (HOD - CSE & faculty coordinator, GDSC) Mr. Rahul Dubey and (GDSC lead) Ms. Muskan Tulsyani for the session 2022 followed by 11 leads, 9 co-leads and 11 volunteers.

## Felicitation of NPTEL Achievers

SISTec has always been appreciative of the hard work of its staff members and students, who have been upgrading their skills with different courses and areas. This time Sagar Group of Institutions-SISTec felicitated its students and faculty members from the Department of Mechanical Engineering and Computer Science & Engineering on successfully completing the NPTEL Course in different categories.

## MoU with Elpis Analytix

Sagar Group of Institutions-SISTec signed a Memorandum of Understanding (MoU) with Elpis Analytix. The MoU was signed in the presence of (Co-Founder, Elpis Analytix) Dr. Udit Chawla, (Principal, SISTec) Dr. Keshavendra Choudhary and (HoD, Computer Science & Engineering Dept.) Mr. Rahul Dubey.

Elpis Analytix is a consulting firm for intellectual property rights, skill development, and several associated talents. The students' possibilities will be expanded by signing the MoU with Elpis, which will also offer opportunities for technical skill development training and academic training.

## Workshops/Seminar/Expert Sessions

Expert sessions, Webinars & Workshops are interesting ways for better learning of students as it helps them get an interactive platform to communicate and develop keen interest in a new field. These sessions help them brush up new skills and knowledge not only in their domain areas but in other areas beyond the campus. SISTec, on many occasions organize expert sessions, workshops & webinars on departmental level to enhance the knowledge of students and offer them the chance to keep their questions in front of the experts.

### **Three Day SDP on How to make Investment & Career in securities market**

School of Management Studies - SISTec MBA in collaboration with NISM (National Institute of Securities Market) organized a three day session on "How to Make Investment & Career in the Securities Market" by the resource person (SEBI, NISM, PFRDA Empanelled Financial Education Trainer) Ms. Shruti Gupta & (CA/DISA Professional) Mr. Piyush Gupta. The speakers discussed numerous financial concepts like expenses, budgeting, and role of securities market and process to invest.

### **Session on First Dive into Technical World**

SISTec Department of Computer Science & Engineering and Ikshana Team conducted a training called "First Dive into the Technical World" for the 1st semester students. In this training, students learnt the basics of computer working in which various topics were delivered by the team like BIOS, how the mouse and keyboard work, Operating Systems, Drivers, Firewall and how antivirus works.

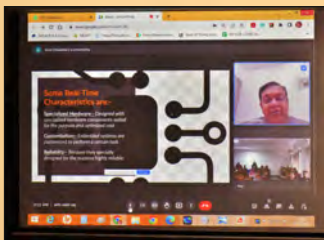

### **IIC SISTec Seminar on National Energy Conservation Day**

SISTec Department of Electrical & Electronics Engineering organized a seminar on the occasion of "National Energy Conservation Day" under the banner of Institution Innovation Cell (IIC SISTec). The focus of the discussion was on increasing awareness of energy conservation, what India is doing to promote it, and what each individual's role in it is. It was a truly enlightening session, since the students learned about the ways through which they can preserve energy for future generations.

### **Three Day Workshop on Business Analytics**

School of Management Studies - SISTec MBA in collaboration with Makeintern & E-cell IIM Calcutta organized a three day session on "Business Analytics". The resource person for the workshop was Mr.Kushal, Business Analytics Trainer (NASSCOM Foundation), Managing Director (Prushal Technology Private Limited). The speaker discussed data, its use and importance in today's technology driven market scenario, python programming language, practical exposure for coding using python, and was guided to the students.

### **Expert Session on Recent Trends in Embedded and IoT**

SISTec Department of Electronics and Communication Engineering organized an expert session on "Recent Trends in Embedded and IOT". The key speaker for the session was Mr. Arun Choudhary, Founder and CEO, E4A Solution and Associates LLP- Symbiosis International University, Noida, Uttar Pradesh. The session started with the introduction and real time applications of an embedded system. Mr. Arun Choudhary discussed with the students about the industrial demands of an IOT and embedded system. He also explained the demanding hybrid technology which includes both IOT and embedded systems in industrial environments.

### **Workshop on Industrial Automation & IIOT 4.0**

SISTec Department of Electrical & Electronics Engineering organized a workshop on "Industrial Automation & IIOT 4.0". The resource person for the workshop was (Automation Engineer, Arist Automation Pvt. Ltd.) Ms. Anjali Singh. The expert talked about how Industry 4.0 technologies are changing manufacturing. The Industry 4.0 concepts and technologies can be applied across all types of industrial companies, including discrete and process manufacturing, as well as oil and gas, mining, and other industrial segments were also covered in the workshop. She even briefed students that developing smart factories will provide an incredible opportunity for the manufacturing industry to enter the fourth industrial revolution.

## Placement Drives/Pre-Placement Talk

SISTec witnessed the Pre-Placement Talks with Cloud Analogy to onboard the fresh talent for the profile of Salesforce Developer, for B.Tech - CSE students of Batch 2023.

## SISTec BULLETIN: EDITION – XIX

We are really proud and exuberant to acclaim the results and achievements received by us during this month.

SISTec Bulletin is to be viewed as a launch pad for the creative, academic and placement happenings of the students and the college. The remarkable achievements of the students are indubitably sufficient to hold the interest and admiration of the readers.

This souvenir is indeed a meticulous attempt to make our budding talents give shape to their creativity and learning. This Bulletin is presented before you by the combined efforts of the Editorial Board, Digital Team & Designing Team.
