

Student Activity Council (SAC)

The Student Activity Council is an integral part of our institute, formed annually as a centralized committee comprising proactive and dedicated students. This council plays a crucial role in shaping the vibrant campus life by taking charge of organizing a wide array of activities, including technical, cultural, and other events.

Each year, a new Student Activity Council is formed through a selection process that ensures representation from various academic disciplines and interests. This diverse composition ensures a holistic approach to event planning and execution.

The responsibilities of the Student Activity Council extend across the spectrum of student life. They are tasked with conceptualizing, planning, and executing technical events that enhance the practical knowledge and skills of students. Additionally, the council is actively involved in organizing cultural events, promoting creativity, and providing a platform for artistic expression within the institute.

Apart from technical and cultural events, the council also oversees various other activities that contribute to the holistic development of students. These may include seminars, workshops, guest lectures, and community engagement initiatives.

The Student Activity Council operates with the overarching goal of creating a dynamic and inclusive environment on campus. By fostering a spirit of teamwork, leadership, and creativity, the council enhances the overall student experience and promotes a sense of community within the institute.

Through their dedicated efforts, the Student Activity Council stands as a driving force behind the thriving extracurricular landscape at our institute, creating memorable experiences for students and contributing to their personal and academic growth.

Students are selected for SAC (Student Activity Council) where they get the opportunity to develop leadership by organizing and carrying out college activities.

The Student Activity Council (SAC) for the academic year 2022-23 was formed by the selection of its key members who played pivotal roles in maintaining the cultural decorum of the institute. Similar to the previous year, the selection process involved rigorous tests and interviews to identify individuals with the potential to lead and contribute effectively.

The SAC is committed to enhancing the overall college experience, focusing on both social and academic aspects. Serving as the unified voice of the student body, the council aims to address concerns and contribute to the betterment of the college campus.

The members of the elected council 2022-23:

President - Mr. Om Prakash Gupta (Civil Engineering)

Vice - President - Mr. Omanshu Rathore (Computer Science & Engineering)

Deputy President – Mr. Kartik Kanthariya (Computer Science & Engineering)

SAGAR INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, New Delhi & Govt. of MP. Affiliated to RGPV & BU, Bhopal

Additionally, various SAC committees have been formed, each dedicated to specific areas of interest or responsibility. The combined efforts of these committees will ensure a well-rounded approach to addressing the diverse needs of the student community.

1. Art & Culture Committee
2. Digital & IT Committee
3. Sports Committee
4. Editorial Committee
5. Literary Committee
6. Hostel & Mess Committee
7. Discipline Committee
8. PR Committee.

The SAC looks forward to a productive and collaborative academic year, striving to make positive contributions to both the social and academic aspects of college life. As a united force, the council is poised to create an inclusive and vibrant environment for all students.
